

IMO Control Private Limited

APPLICATION FORM FOR ORGANIC CERTIFICATION

IMO India inspects and certifies organic operations that cover producers, processors and exporters. We have a special scheme for group certification. We also have an off farm input verification procedure (OVP) for approval of inputs used in organic agriculture.

Please fill form 1: general information that is common for all types of projects - producer, processor, exporter, group certification & OVP. In addition fill in additional relevant forms (form 2, 3, 4, 5) depending on your activities. You may print and fill these forms manually. In case you prefer to fill it electronically, please use **tab** to move from box to box, to the next row or column. Please tick the appropriate box. You may tick more than one box when applicable. Please enclose additional sheets when necessary.

We will be in a position to offer you our time and cost estimate for an inspection visit after we receive the filled in application set. Even though there is no specific time to apply, it is better if you do so as early as possible. There is no minimum fixed area for certification. Please feel free to contact us for any clarifications.

Please send the filled in forms to
